EDUCATION SOLUTIONS-INITIATIVE for the ERA of SDGs

International Education Week (IEW) marked during the week of November 13-17 is an opportunity to celebrate the benefits of international education and exchange worldwide. This joint initiative of the U.S. Department of State and the U.S. Department of Education is part of efforts to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study, learn, and exchange experiences.

As part of the activities of the IEW week, UNESCOFORGE as follow up to the outcome from the 2017 International Conference held from April 27-29, 2017 will hold a three-day education and training certification from November 15-17,2017 on “SDG-4, Character and Leadership Education” (Bringing SDG-4 to the Classroom in Communities) for teachers, educators, school Directors/ managers and administrators. The training will focus on practical education, workshop and hands-on- SDG-4 and Targets. This Training on SDG-4 and Targets provides an open forum for dialogue on new and emerging issues related to training and capacity development processes, as well as a platform for articulation and knowledge exchange between training for educators, teachers, education managers and practitioners, Advocacy and curriculum experts, students teachers and academia practitioners, and other key stakeholders on education from all around the world.

Training to include:

Education Solutions: SDG Education 101- Sustainable Development Goal

Education Solutions: SDG Education 102- Quality Education, ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Education Solutions: SDG Education 103- Inclusive Education

SDG Education 104: Translating SDG4 targets

5Ps of SDG4 in school and classroom setting

SDG-4 Pillars of Learning

Workshops and Hands –on –SDG-4

Practical Education and Workshop: Develop Educators Toolkit for SDG-4 and Targets with respect to the school based mission statement

Target Participants

Head Teachers and Teachers from Pre-School, Middle and High Schools, Head teachers and teachers from Charter schools, Head teachers and teachers from parochial School, Head teachers and teachers from BOCES, International teachers and school administrators, NGOs and Civil Society, Professors and Lecturers from school of education ad teacher’s colleges’, Education Students, Policy, advocates and Curriculum experts, Association of Educators, Teachers Associations, Parents Teachers Associations, Science teachers Associations, School Proprietors, Directors of Education, Offices of SDG and Development Agenda from Countries.

Training Outcome:

Develop Rethinking Models on SDG4 and school education in addressing quality education and promoting lifelong learning. The Education Solutions education and training will work towards the Publication of SDG-4 Educators Tool Kit and Develop SDG-4 Training Manual for Educators and teachers. Participants will utilize the manual in upgrading their school curriculum and mission statement

About Education Solutions-Training Program

Training for quality and inclusive education is an essential component of UNESCO Center for Global Education's commitment to advance quality and inclusive education; and lifelong learning.

Vision: To become a part of the UNESCO and the United Nations agenda on the 2030 Agenda to grassroots communities contributing through training for quality and inclusive education, to building a society that sees education and lifelong learning as a necessary part to sustainable development and achieving quality education for all stages.

Mission: The Education Solutions Training program is dedicated to supporting the 2030 Development Agenda, the work of the United Nations and UNESCO; and other stakeholders to realize commitments to quality and inclusive education, Educators and Teachers Professional Development rights through SDG-4 and Targets, Pillars for transformation, training and learning.

Education Solutions Training Program is a transformative process that aims to provide knowledge, techniques and tools to develop skills and changes in attitudes, growth and development behaviors. It is a continuous and long-term process that requires political will and commitment of all UNESCO Center for Global Education partners, Education Solutions Stakeholders in order to promote quality education on inclusive education and lifelong learning.

The Training program remains a strategy to effect human development and collective transformation towards consciousness raising, empowering learning, knowledge building, training and hands on skill development. The program will help educators, teachers and all those involve with the development and growth of human factor to build knowledge competence and acquire the skills necessary for advancing quality education across the world.

With a focus on SDG-4 and Targets, Education Solutions provides training in many different areas of teaching and learning expertise including cross-cutting issues like professional and skills development, 5Ps of SDGs and SDG-4 Targets. The training program provides training in courses and workshops that further the pursuit of the Motto of UNESCO Center for Global Education "Educate Today for Tomorrow".
